

Compliance with the U.S Army Corps of Engineers (USACE) EM 385-1- 1 is required by all contractors working on military contracts and projects.

The **EM 385-1-1 40 Hour SSHO (Site Safety & Health Officer)** course provides a comprehensive look at all regulations outlined in the EM 385-1-1 manual. The 40- Hour SSHO Course includes a comprehensive review of the preparation requirements of Activity Hazard Analysis (AHA) and Accident Prevention Plans (APP) and is offered in conjunction with OSHA 30 Hour Training. Upon Completion the student will receive both certificates.

The **24-Hour Supervisor and 24-Hour Fall Protection Competent Man for Fall Protection (CMFP) Courses** are intended to provide your workers a complete review of the differences between the OSHA and EM 385 and satisfy USACE Supervisory and Competent Man training requirements

The **16-Hour EM 385-1-1 Introductory Course** is for all contractor, military and government employees who must comply to the EM385-1-1 USACE Safety and Health requirements. This class is offered in conjunction with OSHA 10-hour training and completion of this course you will receive both EM 385-1-1 Certification and an OSHA 10 Hour Certification

The **EM 385-1-1 8-Hour Refresher Course** is a mandatory continuing education requirement for participation in all employees working USACE projects.

Brauner EM 385-1-1 classes are taught by experienced instructors with hands-on experience who will share "real life" scenarios and can explain the reasoning behind and meaning of the EM 385-1-1 and OSHA regulations.
