Dear Mr. Richard Garza,

Congratulations! The Wisconsin Department of Administration (DOA) has approved your Firm's certification as a Minority Business Enterprise (MBE). Enclosed is the certificate confirming your company's MBE status. You are encouraged to attach a copy of the certificate to all your company's bids or responses to state contracts. This helps the department(s) in identifying your company as eligible for the state's minority business enterprise bid preference for purchases and contracts/ as a certified MBE, we also encourage you to register on eSupplier at: <https://eSupplier.wi.gov>. If you are involved in construction, we also advise you to regularly check the web page of the Division of Facilities Development at: <https://doa.wi.gov/Pages/DoingBusiness/DFDProjects.aspx> . Please note that Certification as a MBE is not intended to infer that the State of Wisconsin guarantees your company's capability to perform contracts, nor does it infer that your company is guaranteed any State business.

Your MBE certification date is June 25, 2025 and is valid for a three-year term that expires on June 25, 2028.

Each year, 90 days prior to your certification date, the Department will send you an email notification for an Annual Information Update. This must be completed to remain active all three years. The Department reserves the right to periodically review the ownership, management, and operational control to confirm the continued validity of the certification status. Recertification notifications will be sent within 60 days of the expiration date of the three-year term.

The Department wishes you success in marketing your firm's goods/services to the many firms and agencies that recognize the importance of a diverse supplier base.

Sincerely,
